HOUSE BILL NO. 1288

AN ACT TO AMEND SECTIONS 73-13-31, 73-13-15, 73-13-43, 73-13-85 AND 73-13-105, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT CERTIFICATES OF LICENSURE FOR PROFESSIONAL ENGINEERS AND LAND SURVEYORS MAY BE FOR TWO YEARS; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. Section 73-13-31, Mississippi Code of 1972, is amended as follows:

73-13-31. (1) Except as provided in Section 33-1-39 and subsection (2) of this section, certificates of licensure shall expire on the last day of the month of December following their issuance or renewal and shall become invalid on that date unless renewed. It shall be the duty of the board to notify every person licensed under this chapter of the date of the expiration of his certificate and the amount of the fee that shall be required for its renewal for one (1) year or two (2) years. Such notice shall * * * occur at least one (1) month in advance of the date of the expiration of said certificate. Renewal may be effected at any time during the month of December by the payment of a fee, as

determined by the board, not to exceed Fifty Dollars (\$50.00) or One Hundred Dollars (\$100.00) if renewals are for two (2) years.

A person who is licensed as a professional engineer and as a professional surveyor may effect both renewals by the payment of a fee not to exceed Seventy-five Dollars (\$75.00), or One Hundred Fifty Dollars (\$150.00) if renewals are for two (2) years. The failure on the part of any licensee to renew his certificate annually, or biennially, in the month of December as required above, shall not deprive such person of the right of renewal, but the fee to be paid for the renewal of a certificate after the month of December shall be increased ten percent (10%) for each month, or fraction of a month that payment of renewal is delayed; provided, however, that the maximum fee for delayed renewal shall not exceed five (5) times the normal renewal fee. A state agency or any of the state's political subdivisions, such as a county or municipality, may pay the renewal fee of any licensee who is a full-time employee; provided, however, that any licensee who permits his/her renewal fee to be paid from any public funds shall not perform engineering or surveying services for a fee or other emoluments for the public or for any other public entity. If a certificate has expired for six (6) months or more, the licensee shall be required to submit a new application, paying back fees and submitting proof of continuing professional competency compliance. If the certificate has expired for five (5) years or more, in addition to submitting a new application and proof of

continuing professional competency compliance, reexamination in the principles and practice may be required. The reexamination requirement may be waived by the board provided the applicant has continued to practice in another jurisdiction from the date of expiration of his certificate.

SECTION 2. Section 73-13-15, Mississippi Code of 1972, is amended as follows:

73-13-15. The board shall have the power to adopt and amend all regulations and rules of procedure, not inconsistent with the Constitution and laws of this state, which may be reasonably necessary for the proper performance of its duties and the regulations of the proceedings before it. The board shall adopt and have an official seal. It shall not be required to post bond on appeals. The board shall have the further power and authority to:

- (a) Establish standards of conduct and ethics;
- (b) Institute proceedings in its own name;
- (c) Promulgate rules restricting competitive bidding;
- (d) Promulgate rules limiting or restricting advertising;
- (e) Promulgate rules requiring a demonstration of continuing education;
- (f) Adopt and promulgate reasonable bylaws and rules and regulations necessary or appropriate for the proper fulfillment of its duties under state laws pertaining thereto;

(g) Provide for the enforcement of and to enforce the laws of the State of Mississippi and, in particular, the provisions of this chapter, and the bylaws, rules and regulations of the board;

(h) Provide by appropriate rules and regulations, within the provisions of this chapter, a system for taking the disciplinary actions provided for in Section 73-13-37, including the imposition of fines as provided therein;

(i) Investigate, prosecute or initiate prosecution for violation of the laws of this state pertaining to the practices of engineering and surveying, or matters affecting the rights and duties or otherwise related thereto; * * *

(j) Adopt rules setting forth qualifications and standards of practice for firms * * *; and

(k) Provide by appropriate rules and regulations, within the provisions of this chapter, a system for the annual and/or biennial renewal of certificates of licensure.

In carrying into effect the provisions of Sections 73-13-1 through 73-13-105, the board, under the hand of its president or secretary and the seal of the board may subpoena witnesses and compel their attendance, and also may require the production of books, papers, documents, etc., in any case involving the disciplinary actions provided for in Section 73-13-37 or 73-13-89 or practicing or offering to practice without licensure. Any member of the board may administer oaths or affirmations to

witnesses appearing before the board. If any person shall refuse to obey any subpoena so issued, or shall refuse to testify or produce any books, papers or documents, the board may present its petition to such authority as may have jurisdiction, setting forth the facts, and thereupon such authority shall, in a proper case, issue its subpoena to such person, requiring his attendance before such authority and there to testify or to produce such books, papers, and documents, as may be deemed necessary and pertinent by the board. Any person failing or refusing to obey the subpoena or order of the said authority may be proceeded against in the same manner as for refusal to obey any other subpoena or order of the authority.

SECTION 3. Section 73-13-43, Mississippi Code of 1972, is amended as follows:

73-13-43. As of January 1, 2005, no corporation, firm or partnership may engage in the practice of professional engineering in this state unless it has been issued a certificate of authority by the board. In order to qualify for a certificate of authority, a corporation, firm or partnership must have at least one (1) Mississippi-licensed professional engineer as a principal officer, partner or designated principal engineer of the firm who has management responsibility for such practice and who makes significant technical and/or contractual judgments on behalf of the firm which would affect the firm's professional reputation and liability.

The board shall have the authority to promulgate rules and regulations setting procedures, standards and other requirements for issuing and maintaining a certificate of authority for corporations, firms or partnerships practicing engineering in the State of Mississippi.

Applications for a certificate of authority shall be on the forms prescribed and furnished by the board, and provide all the information required by said board. The board shall establish a fee for the certificate of authority application, not to exceed Two Hundred Fifty Dollars (\$250.00) for a one-year certificate or Four Hundred Dollars (\$400.00) for a two-year certificate. Any corporation, firm or partnership having the necessary qualifications as prescribed herein and the rules and regulations of the board shall be issued a certificate of authority for said corporation, firm or partnership to practice engineering and to contract and collect fees for furnishing this service.

Each certificate of authorization will expire on December 31 of * * * the end of the renewal period year. It shall be the duty of the board to notify every corporation, firm or partnership holding a certificate of authority under Sections 73-13-1 through 73-13-45 of the date of the expiration of the certificate and the amount of the fee that shall be required for its renewal for one (1) year or two (2) years. The renewal fee shall not exceed One Hundred Fifty Dollars (\$150.00) for one (1) year or Three Hundred Dollars (\$300.00) for two (2) years; penalties for late renewal

shall be ten percent (10%) per month that payment is delayed. Additionally, if any of the information on the initial or any subsequent renewal application changes for the corporation, firm or partnership, said corporation, firm or partnership shall notify the board in the form and manner prescribed by the board within thirty (30) days of the change.

Effective January 1, 2005, the Secretary of State shall not issue a certificate of incorporation, licensure or authorization to an applicant or licensure as a foreign firm to a corporation, firm or partnership which includes in its name, or among the objectives for which it is established, any of the words, "engineer," "engineering," or any modification or derivation thereof, unless the board has issued for said applicant a certificate of authority or a letter indicating the eligibility of such applicant to receive such a certificate. The corporation, firm or partnership applying shall supply such certificate or letter from the board with its application for incorporation, licensure or authorization to the Secretary of State.

An engineer who renders occasional, part-time or consulting engineering services to or for a corporation, firm or partnership may not, for the purposes of this section, be designated as being responsible for the professional activities of the firm.

No such corporation, firm or partnership shall be relieved of responsibility for the conduct or acts of its agents, employees, officers, partners, members or managers by reason of its

compliance with the provisions of this section. No individual practicing engineering under this chapter shall be relieved of responsibility for engineering services performed by reason of employment or other relationship with a firm holding an authorization certificate.

A person who is licensed as a professional surveyor and as a professional engineer may effect both renewals by the payment of a single fee not to exceed Seventy-five Dollars (\$75.00), or One Hundred Fifty Dollars (\$150.00) if renewals are for two (2) years. The failure on the part of any licensee to renew his certificate annually or biennially in the month of

December as required above shall not deprive such person of the right of renewal, but the fee to be paid for the renewal of a certificate after the month of December shall be increased ten percent (10%) for each month that payment of renewal is delayed; however, the maximum fee for delayed renewal shall not exceed five (5) times the normal renewal fee.

If a certificate has expired for six (6) months or more, the licensee shall be required to submit a new application, paying back fees and submitting proof of continuing professional competency compliance. If the certificate has expired for five (5) years or more, in addition to submitting a new application and proof of continuing professional competency compliance, reexamination in the principles and practice may be required. The reexamination may be waived by the board provided the applicant has continued to practice under another jurisdiction from the date of expiration of his certificate.
